Purely Business!

The columns of a newspaper represent a small value. No publisher can afford to give advertising "advertisements" free any more than a merchant can lose over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade and advertisements should be paid for, no matter in what part of the paper they appear.

HECHINGER & CO.'S FALL STYLES

Are Shown in Scores of Handsome New Cuts!

Weavers' wits were never more versatile in producing attractive loom effects. Skill in wholesale tailoring has made marvelous progress in recent years. No better evidence is needed than a critical inspection of ready-to-wear clothing made for them. There is a nicety of detail, a carefulness of finish, a symmetry of cut that denotes master minds and master hands. This not only has reference to their clothing, but also to their other different departments. Nowhere will you see so handsome a display of gentlemen's Furnishing Goods, fine Shirts, Hats, Collars and Ties as Hechinger & Co. show.

Have You Looked at Their Stock of Smith & Stoughton

SHOES?

Recognizing the needs of their patrons, Hechinger & Co. arranged with Messrs. Smith & Stoughton, one of the most prominent manufacturers of fine Men's Shoes in the country, to sell their goods. See their window display of them and you will not wonder that although but thirty days elapsed since the first shipment arrived they are already doing the Men's Fine Shoe business of the town.

KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say his say. The door is open—write right in and help yourself, free gratis and for nothing—but don't make your "kicks" too long—it's the short, quick fellows that count—and cut. Say—The name of the kicker must accompany the kick, or it'll be kicked into the waste-basket.

The Second street Gutters are now a "beaut" where it empties into Sutton.

KENTUCKY REPUBLICAN PLATFORM.

Adopted at Louisville, Ky., Oct. 10th, 1897.

Resolved, by the Republican party in Convention assembled—

First—That we reaffirm the principles of the Republican party as set forth in the platform adopted by it at St. Louis in 1860.

Second—That we endorse the Republican National and State Administrations, and especially commend the action of our present state officials in their efforts to suppress mob violence and to preserve the financial credit of the state.

Third—We commend the action of the representatives of the Republican party in the passage of a Tariff Bill which will have the effect of placing the tariff on a permanent basis, and prevent the issue of interest-bearing bonds, protect American labor and maintain the National credit.

Fourth—We are opposed to a system of Civil Service that builds up an official class with practically a life tenure, and we demand that the public service, and we demand that the Civil Service Law be modified so as to limit the term of service to four years, with the privilege of reappointment or promotion, subject to such restrictions as will secure competent officials and give to every section of the country its proper proportion of them.

Fifth—We heartily sympathize with the struggling people of Cuba in their efforts to secure liberty and independence.

Sixth—That we recommend to the people the adoption of the Constitutional amendment submitted by the last Legislature, allowing all cities and towns the privilege of regulating under legislative supervision the method of levying and taxing the property of themselves for city and town expenses.

Seventh—We favor the passage of a law that will protect the laborers of Kentucky from the competition of convict labor, and, if necessary, to accomplish said ends, amend the Constitution permitting such legislation.

"The best way to get rid of a bad law is to enforce it."—General Grant.

Therefore THE LEDGER favors the rigid enforcement of the Civil Service Law.

THERE is a plethora of gold in the banks and sub-treasury at New York.

This is quite different from what it was under the Cleveland Administration.

SENATOR DEBOE was at the White House today looking after some Kentucky appointments, among them that of C. M. BARNETT for Surveyor of the Port at Louisville. Let's see; didn't a certain Sen. L-o-o enter into a "deal" for that office? Wasn't the "deal" reduced to writing? Don't all speak at once.

UNION PACIFIC.

The Railroad Will Be Sold by Order of Court November 1.

A Great Throng of Office Seekers Hang Around the White House.

Warner M. Bateman, a Prominent Attorney of Cincinnati, Dies Suddenly in the Riggs Hotel, Washington, D. C., After a Long Illness.

WASHINGTON, Oct. 5.—Attorney General McKenna held a long conference Monday morning with the president in regard to the foreclosure sale of the Union Pacific railroad, and after it was over Judge McKenna stated that Tuesday he would have another conference with Judge Hodge, representing the directors of the Union Pacific railroad, and that several matters still pending will be decided. It was stated positively that the government will not appeal the case, as first proposed, but that the railroad will be sold under the order of the court on November 1 and the highest bidder will get the property. As yet there is but one bidder, and that is the Union Pacific itself. The conference between Judge Hodge and the attorney general on Saturday morning to the various details of the sale, but there are a number of matters left undecided, such as the question of the Omaha bridge, as to whether the government's lien covers that or not. This, with several other similar details, will be settled Tuesday.

The week opened with a big crowd at the white house, for it seems that the office seekers, having given the president several days of rest, came to the conclusion that they might as well make an attempt to get the executive mansion now as ever. As McKenna, the corridors outside the president's office were crowded all morning with the office seekers, waiting their chance to see the president. Few of them, however, secured this, for the president was busy with the question of the cabinet and congressmen nearly all morning.

Senator Foraker was one of the earliest visitors, and he had a quiet talk with President McKinley. The senator leaves for Ohio Monday night, going direct to Toledo, where he will make a speech Tuesday. Among the appointments settled upon by the president Monday was that of M. W. Gibbs, of Little Rock, Ark., who is to be appointed consul to Tamatave, Madagascar. Mr. Gibbs is a prominent colored lawyer, and has been one of the original McKinley workers in the south. He is one of the first colored men who will be appointed to a consular service. Among the callers at the state department Monday morning was Mr. Rufus Fleming, one of the best known of the district consuls to Leith (Edinburgh). Mr. Fleming spent some time with Assistant Secretary Day receiving his instructions. He has not decided when he will leave for his post.

WASHINGTON, Oct. 5.—Mr. Warner M. Bateman, one of the best known of the lawyers of Cincinnati, died suddenly at the Riggs house in this city Monday. He arrived here Sunday apparently in good health, but he was one of the Cincinnati distilling firm of Mihalofitz, Fletcher & Co., his misadventure, and he died of a heart attack.
